

PROFESSIONAL PROFILE OF

MATHIBELA TEBOGO PHILLIP LEMEKOANA

TEBOGO LEMEKOANA

LESDOCODE 16 SWALLOW STR RAINBOWPARK, POLOKWANE 0699

CURRICULUM VITAE

MATHIBELA TEBOGO PHILLIP LEMEKOANA

PERSONAL PARTICULARS

◆ Surname	Lemekoana
◆ First Names	Mathibela Tebogo Phillip
◆ Identification number	9808185407084
◆ Date of birth	18 August 1998
◆ Sex	Male
◆ Marital status	Single
◆ Nationality	South African
◆ Home language	Sepedi
◆ Other Language	English
◆ Telephone	079 284 2681 / 082 836 3464
◆ Email	Mtlemekoana@gmail.com

SECONDARY EDUCATION

- ◆ Northern Academy High School (National Senior Certificate)

SUBJECTS PASSED IN GRADE 12

- ◆ English language H.G
- ◆ Sepedi language H.G
- ◆ Mathematics H.G.
- ◆ Physical Science H.G.
- ◆ Computer Application Technology (CAT)
- ◆ Life Orientation H.G
- ◆ Life Science H.G.

TERTIARY EDUCATION

- ◆ Currently studying Bachelor of science in computing and computing at UNISA

WORK EXPERIENCE

- ◆ Currently owns a small informal software development company called LesdoCode (let's do code) aimed at developing small information systems, websites and applications for friends and family

SKILLS

Office and admin

- ◆ Microsoft Word **(8 years)**
- ◆ Microsoft Excel **(8 years)**
- ◆ Microsoft Access **(3 years)**
- ◆ Data Capturing
- ◆ Scripting for Admin tasks

Software and IDEs

- ♦ Web Design (HTML, HTML5, CSS) – **(4-5 years)**
- ♦ Web Design (JavaScript) – **(1 year)**
- ♦ UML & UML based software engineering **(4 years)**
- ♦ Microsoft Visio **(4 years)**
- ♦ Visual studio IDE (2015, 2017, and 2019) **(4 years)**
- ♦ IDLE & PyCharm
- ♦ IntelliJ
- ♦ Visual studio code

I am very comfortable in the Visual studio IDE for multiple supported languages including Python and C++. For UML and database design, I am very competent in Visio but not limited to it. I also like a challenge and learning something new.

Programming languages

- ♦ C# (.NET FRAMEWORK) Console applications **(4 years)**
- ♦ C# (.NET FRAMEWORK) WinForms **(4 years)**
- ♦ C# (ASP .NET FRAMEWORK) **(3 months)** And still learning
- ♦ C# (SQL server with Dapper) **(2 months)**
- ♦ Python 3.4 – 3.7 and PYQT4 and QT-Designer **(4 years)**
- ♦ Python + SQLite + MySQL
- ♦ Java **(6 months +)**
- ♦ JavaScript **(7months +)**
- ♦ NodeJS **(6months +)**
- ♦ C++ **(1 year +)** still learning

My strong points in coding are amongst others, C#, Advanced object-oriented methodologies and applications, data modelling, multi-layer architecture, data structures and key as well as non-key areas in the field.

Database

- ♦ SQL **(3 years +)**
- ♦ SQLite **(2 Years +)**
- ♦ MySQL **(3 years +)**
- ♦ Microsoft SQL server (I use this mostly from visual studio) **(3months +)**

Programming strong points

- ♦ OO programming **(4 years)**
- ♦ Some algorithms
- ♦ Database normalisation

Networking

- ♦ Subnet masking
- ♦ Theoretical knowledge of networking

Other skills

- ◆ Audio engineering (Audio mixing)
- ◆ Audio engineering (Audio mastering)
- ◆ Audio engineering (Audio recording)
- ◆ Advanced Audio engineering
- ◆ Audio cleaning and repair
- ◆ Postproduction (Audio)
- ◆ Live sound (FOH)
- ◆ Live sound (BOH/ Monitors)
- ◆ Live sound (Broadcast)
- ◆ Any other unspecified areas in the sound engineering field excluding rigging of line array systems, stage, lights, and non-audio fields.
- ◆ Great at problem solving
- ◆ Scriptwriting (python)
- ◆ Proficient in the following DAWs
 1. Pro tools
 2. FL studio
 3. Ableton Live
 4. Izotope Ozone
 5. Izotope RX

More about me

- ◆ Technically inclined
- ◆ Sound engineer
- ◆ Strong personality (DISC test 50% dominant as my strongest trait)
- ◆ Exceptional teamwork traits
- ◆ Works well alone too
- ◆ Willing to learn something new
- ◆ Practical work is my strong point as opposed to theory and abstract
- ◆ Result oriented
- ◆ Love coding and problem solving
- ◆ An out of the box thinker
- ◆ Enjoy bringing seemingly impossible ideas to reality
- ◆ Has a great imagination
- ◆ Great logic and spatial reasoning
- ◆ Good attention to detail
- ◆ Critical thinker

ADDITIONAL INFORMATION

- ◆ I am passionate with computers and anything in the technical field.
- ◆ Willing to go extra miles to achieve something I believe in.
- ◆ I love problem solving, stretching myself to the limit to see what more I am capable of.
- ◆ I can communicate well with different people of different backgrounds and love a challenge.
- ◆ I do not mind leaving my comfort zone in the pursuit of doing or being better.
- ◆ I love being first or best in what I do.
- ◆ I work best alone as well as in groups.
- ◆ I consider myself one to add to value wherever I am.
- ◆ I do not have shiny object syndrome, but I do not mind learning new things.
- ◆ I have completed my Computer networks Module but not as passionate in the area as I am in coding and development.
